#### No. XXXII. — GIANT KILLING WHERE ARE THE DAVIDS?

# General's Letter

SOLDIERS OF THE

## SALVATION ARMY

WORLD.

DEAR COMBADES,

This is a wonderful ago for the ng up of the noble men of former ations, who have gone in neck of generations, who aswe gine in need or nothing for the Salvation of their fel-lows. There is any amount of sepatcher building, which is very well as far as it goes; but, anfortunately, it desent go very far. Here-worship is very admir-able in herces, or if it leads to the crea-tion of herces, but otherwors it is a very windy and unsatisfactory thing.

wino's and unanimates of the army of Irsel under Saul, fasing the Philistines with the giant awagering on the opposite hill-side could have been re-peated in after-days with just this differ-mone, that ingred of David of that day going forth to slay Golistin the Phili-sephene and the property of the progoing forth to shay Golivith the Philip-tines insid fallen upon the Enzalti'sh army, and hosen Bowly ungaged melaya-hing them, while all the time the king and his captaine had been bossing in their tents about the wonderful David of for-mer times, telling the story over and over again, we should have pronounced it supremely ridiculous as well as inex ressibly cowardly.

Press.hip cowardly.

But is seems to represent very largety the authode of thirticians of the present
asy with respect to the gians evul: that
are swaggaring about in the very heart of
thristendom drying every green moral
and applicate—humoriciangle songs in praise
of the wonderful devel of the Godly
tences of bye-gone ages.

All this is very well for the saints, but

heroes of bye gone ages.

All this is very well for the saints, but why don't they go and do likewise? They praire the hrose of old, but why don't they do the same heroic dedds? Why don't they do they are heroic dedds? Why don't they go out on win the guants head and rout he camey all along the line?

My churadon, here is this

Crowds lined the steets all along the way, our War Chariot causing the people to look on in ammeraent. Our inside meeting was not so full as we expected owing to it being Salvation, and the same the presentation of the steet of the colors of the colors of the same time, and the colors of the color
